## FAMILY OF BEARS FIND YOUNG BURGLAR ASLEEP

**On Monday morning, a small family of bears who live in the Evergreen Forest returned from a stroll to find their house had been broken in to.** They were devastated to find their porridge eaten, chairs dirty and broken. Not only this, but they were surprised to find the thoughtless burglar asleep in Baby Bears bed! She was woken by the returning bears and fled the house without even saying sorry. One of the biggest shocks to the family was that their burglar who did so much damage is only ten years old.

The family told us they were only out for a short time as they waited for their porridge to cool.

They returned to find the front door falling off its hinges, then inside all their porridge had been tasted and baby bear's finished, their chairs had muddy footprints all over and baby bear's chair was broken, then they went upstairs and we know what they found there!

Father Bear is still very angry

Father Bear told us of the upset this has caused their family, particularly Baby Bear who came off worst in the break in.

Goldilocks was found asleep in Baby Bears bed

"The chair that Goldilocks broke was baby bear's favourite, we have tried to fix it but is beyond repair," says Father Bear.

Mother Bear commented, "when we found Goldilocks, we're not sure who was more shocked, us or her." It must have been a shock to be woken by three angry bears but that is no excuse for what she did.

We tried to get a comment from Goldilocks, age 10, but we had no luck, although her mother did release a statement on behalf of her family,

"We are extremely disappointed in Goldilocks, we can't understand why she would do such a terrible thing, she is now grounded for two months and hopefully she will never do anything like this again." We also hope this will never happen again.

*The fire spread quickly from house to house leaving destruction in its wake!*

*Samuel Pepys said, "I saw the fire and went to tell King Charles II. I told him to pull down the houses to stop the fire".*

*The fire is getting out of control. Will it ever stop?*

# Wolf Gobbles Woman!

A frail old lady was gobbled up by a wolf on Saturday.

Mrs. Pie was in bed in her cottage in Whaddon Woods when she heard a knock at the door.

"I was expecting my grand-daughter, Little Red Riding Hood," said Mrs. Pie, "so I just shouted 'Come in!'"

But Mrs Pie had no idea that her visitor was actually the Big Bad Wolf. He barged into her bedroom and gobbled Mrs Pie up, swallowing her whole.

"It was so dark and smelly inside him," said Mrs. Pie. "I didn't think I'd come out alive!"

*The hero of the day - Will the Woodcutter*

Luckily, Will Wood, a local woodcutter, was passing by and saw the wolf enter Mrs. Pie's cottage. He burst in and cut the wolf open with his axe.. Mrs. Pie was scared, but alive.

"I saw the wolf go into the cottage and I knew I had to help," said Will. "I am just glad I could help."

Mrs Pie has put a lock on her door to keep any other unwelcome guests away.
