

Year 2 Isolating Plan Overview Spring 2022

On the next couple of pages is an outline of activities for your child to complete whilst they are isolating. There are 8 days' worth to cover the whole isolation period; however, there is no pressure to complete everything – especially if your child is unwell. The work set is aimed at a child working at the expected level for their year group, and in most cases your child should be able to work independently on their tasks – younger children may need a little guidance.

We recommend that children work on their English and maths work in the morning and then work on a foundation task in the afternoon (see more details below). We recommend your child spends 30 minutes to 1 hour on their Maths tasks and the same again for English, age dependent (a Year 1 pupil might spend 30 minutes and a Year 6 pupil might spend an hour). Maths and English tasks mirror the consolidation tasks that children complete in school. This doesn't mean that they are expected to get everything right, but rather practise these skills. You can find answers for those tasks which have 'right / wrong' answers under the year group tab on the website / in your pack. It is useful to mark the work so that your child can see how they have got on and learn from their mistakes – please mark any work before emailing.

All activities are accessible on the website or you can pick up 'a pack' which includes all the resources printed off, from the school office – just let us know you are coming. We've included a range of activities – some which use online resources and others that can be done without a computer.

Please see the website for Foundation subject activities. The activities, which are called 'Afternoon Plans' can be found in *Solo Quarantine Learning* which is under the 'More' tab on the homepage. Depending on the activity your child may complete it in an afternoon or may need more than two or three afternoon sessions to complete it. We recommend children work for 1 hour (Y1) up to 2 hours (Y6) on each afternoon.

Once the work is marked, please email your children's work to isolating@kingslea.org.uk
