Email: office@kingslea.org.uk

## TAPESTRY ONLINE LEARNING JOURNEY

As in previous years when your child starts in their Reception class they will have a personalised learning journey created through a piece of educational software called 'Tapestry'.

By logging on with a secure username and password, either via a web address or using an app for your tablet or phone, you will be able to view all of your children's observations, photographs and even videos from their time in Reception.

You will receive a notification each time a new observation is available for you to view. This will enable you to follow your child's individual progress closely and you can reflect upon their achievements with together with your child. You can add comments and upload photos too, so that we as a staff find out about the activities your child really enjoyed in school, and about any learning they complete at home. All information is stored on a secure server which is monitored closely.

E-safety is extremely important to us at Kingslea Primary School, therefore we ask you to understand and agree to the guidelines. Login and username details will only be sent out to you once we have received this agreement for use.

If you have any further questions about Tapestry, please don't hesitate to come and speak to a member of the Reception team.
