

I have 3 green counters and 3 orange counters.

Together I have 6 counters.

I have 60 green counters and 30 orange counters.

Together I have _____ counters.

I have 7 silver coins and 2 bronze coins.

Together I have 9 coins.

I have 70 silver coins and 20 bronze coins.

Together I have _____ coins.

I have 9 smarties. I eat 7.

I have 2 smarties left.

I have 90 smarties. I eat 70.

I have _____ smarties left.

$2 + 1 = 3$ so $20 + 10 = \underline{\hspace{2cm}}$

$6 + 3 = 9$ so $60 + 30 = \underline{\hspace{2cm}}$

$5 + 5 = 10$ so $50 + 50 = \underline{\hspace{2cm}}$

$4 + 4 = 8$ so $40 + 40 = \underline{\hspace{2cm}}$

$8 - 1 = 7$ so $80 - 10 = \underline{\hspace{2cm}}$

$10 - 4 = 6$ so $100 - 40 = \underline{\hspace{2cm}}$

$9 - 8 = 1$ so $90 - 10 = \underline{\hspace{2cm}}$

$5 - 2 = 3$ so $50 - 20 = \underline{\hspace{2cm}}$
