Rewatch the video again. Can you think about how Boudicca is feeling during these six events?

Just like we did in the video, can you put her feelings onto the graph to see how she changes overtime?

1. The Iceni tribe are living alongside the Romans peacefully. Boudicca and King Prasutagus have made an agreement to pay some taxes in return for their goods.	2. King Prasutagus dies and Boudicca is left to lead the Iceni tribe. The Romans take all of her land.
3. Boudicca is not happy with the Romans and wants to fight back. The Romans punish Boudicca and humiliate her in front of everyone.	4. Boudicca vows to get revenge on the Romans and builds an army.
5. Boudicca's army travels west and they destroy Colchester, London and St Albans.	6. The Romans trap Boudicca in a narrow valley and the Iceni tribe surrender to the Romans.
