

## Storm Dragon – Rhymes Activity

You are going to come up with some rhyming chains, which will give you a bank of rhymes you can use when writing your own poem at the end of the week.

Try and stick to words which you are likely to be able to use in your poem.

Tip: If you're struggling to think of rhyming words, search the internet with an adult. A number of websites will have suggestions.

1) First, we have given you some words to start off your chains.

flame, ...

fall,...

smoke,...

2) Now, use any word you like to start off your rhyming chain. Create at least three more chains.
