

## 'our' Suffix Story Example

It was the final hour. A rumour was going around that a saviour was coming. He had no humour, plenty of vigour and some glamour. As the darkness settled in, there was a huge downpour. Mr Biggs, the saviour, was a man of great honour. His favourite flavour crisps was salt and vinegar. The labour was hard, but he finished his crisps and saved the day.

flavour ✓
