

Spot the Mistake

Tallulah is ordering some numbers in ascending order:

$$1.2 < 0.21 < 0.32 < 0.69 < 0.84$$

Can you explain her mistake?

Some children have planted sunflowers and they are measuring their heights.

Child	Height
Beth	1.23 m
Tony	0.95 m
Rachel	1.02 m
Kate	1.2 m
Faye	99 cm
Emma	0.97 m

Order the children based on their heights in both ascending and descending order.
