Fractions

MIGRATION & EXPLORATION

Year 5
Spring 2022

Migration

To explore reasons and motivations for family migration and moving
Show on maps historical human migratory movement across the world and give reasons for this.

Timeline of migration

Complete a case study comparing migration to the UK from the Caribbean on HMS Windrush and migration from the UK to Australia in the 1950s and 60s

Exploration

Create a famous explorers timeline
Compare the journeys of the first man (Ferdinand Magellan) and the first woman (Jeanne Baret) to circumnavigate the globe.
Research information on the life of a famous explorer

Explain the dangers of exploration
Investigate technology which has affected exploration throughout history

Geography Fieldwork

Conduct an exploration into the woods to locate the most suitable camping site to set up an explorer's training camp.
Draw accurate maps of the camp and explain its suitability

English

- Winter rhyming poems
- Play script of a scene from our class novel Brightstorm
- Information guide to explore different terrains for the crew members in Brightstorm
- Speech persuading family to let you go on the ship Windrush to migrate and make a new life in Britain for them
- Migration Poetry
- Write a short story about Shackleton's exploration journey from the point of view of one of his expedition members

Geography

Landscape features of different terrains

- jungle
- polar regions
- mountains and forests
- oceans and rivers
- deserts

Mapping skills - compass points, 4 figure grid references, latitude and longitude lines

Use 8 compass points

DT

Shelter building

Computing

Code.org - coding, programming and algorithms

Science

Earth and Space
Properties and changes of materials
