Good morning! Hope you are all well and enjoying the activities we are sending to you. If you can't send videos to us because the data is too big then try this instead – upload the video to your google photos, then you can share the link to the year group email which is listed below.

Some of you experienced difficulties opening the Maths game on Friday too – you can only open it if your browser supports Flash technology. On Google Chrome you will need to go into your Settings, Privacy and Security, Site Settings, Flash then toggle the options Ask First to 'on' (blue). Then when you go to link it will ask you to allow Flash for this site. Unfortunately, Apple devices don't support Flash so you won't be able to open the link on these devices.

Reading

This week our work will focus on the wordless picture book called Tuesday by David Weisner. The story is for you to develop for yourself through the actions and animation.

Your first task is to watch an animated version of it which is found here on youtube. This version has had music composed by Paul McCartney.

<https://www.youtube.com/watch?v=IV5LOHdP8>

Your next task today is to design a front cover with an illustration and name of the book and author then a back cover with a blurb for the book.

Writing/English

Please write the next few paragraphs for your story. This next section should be the main action of the story. It should include the actions that happen to enable the men to escape the ice floes and try to gain their freedom to go home. We would expect you to write 2 paragraphs for this section so you will continue with this section tomorrow too. Try to write for 20 - 30 minutes per day if you can.

You will need to use lots of action verbs. Also, try to add in some speech to move the story along. Remember a new line for a new speaker and all the punctuation needs to go inside the speech marks.

Maths

Please go through the Rounding ppt attached then complete CGP Book: Page 10 Rounding
Remember the rules for rounding. Digits 0 – 4 round down. Digits 5 – 9 round up.

Online: This week please focus on Sumdog – we have set you a challenge competition. You will need to complete 150 questions across the week and you will win 150 coins for completing it! Good luck in the challenge!

Let's get Active: Design an obstacle course in your home or in your garden to complete. Time yourself. Try to climb over things, weave through things. Can you build a tunnel? Can you get the dog to do it too? What is the quickest time you can do it in? Upload any videos you make to the year5 email address so we can see how creative you have been!

If you have any questions, please email year5@kingslea.org.uk and teachers will be checking this address to respond in the morning.
