Reading

This week our work will focus on the wordless picture book called Tuesday by David Weisner. Here is the link so you can watch it again:

<https://www.youtube.com/watch?v=IV5LOHdPdP8>

Today we would like you to imagine you were the man who was having a midnight snack when the frogs went past his window. Make up the conversation with the reporter. What questions was the reporter asking. What did the man reply? You can write this conversation down or you could act it out and video it.

Writing/English

Continue writing the main action section of your story about Shackleton. It should include the actions that happen to enable the men to escape the ice floes and try to gain their freedom to go home.

Maths

Please go through the Roman Numeral ppt attached from page 7 onwards. There are some pyramid puzzles for you to solve using Roman numerals. Start at the bottom. If you add 2 bricks next to each other then the answer is placed in the brick above. You might have to use your adding and subtracting skills to complete them. Complete them in our number system then change to Roman numerals to complete the grids. Try to do at least 2 pyramid puzzles at least but if you want a further challenge then there are more for you to complete.

Online: This week please focus on Sumdog – we have set you a challenge competition. You will need to complete 150 questions across the week and you will win 150 coins for completing it! Good luck in the challenge!

Let's Get Active: Design an obstacle course in your home or in your garden to complete. Time yourself. Try to climb over things, weave through things and use cushions, chairs and other household/garden items. Can you build a tunnel? Can you get the dog or the family to do it too? What is the quickest time you can do it in? Upload any videos you make to the year5 email address so we can see how creative you have been!

If you have any questions, please email year5@kingslea.org.uk and teachers will be checking this address to respond in the morning.
