

# On the Rocks

Year 6 Summer Term 2019

## Art

Sketching techniques  
Using watercolours and Brusho  
Coastal art

## Swanage (Part 1)

What do you already know about Swanage?

Where is Swanage?

How is Swanage different to Horsham?

What will we be doing in Swanage?

## Geography

Exploring:

- Physical features of a location/effect on human activity
- Fieldwork to observe measure and record physical and human activity
- Analysing geographical representations of a location
- Comparing the coast with our own locality

## Swanage (Part 2)

Is Swanage how you imagined it to be?

What did you think of Swanage?

What were the highlights?

What have you learnt?

## Coastal features

What is erosion?

What are arches, stacks, and stumps?

What other features can you find along the coast line?

## Science

Living things and their habitats (classifying plants and /animals)

Animals including humans (circulatory system and diet and nutrition)

Electricity

## RE

Beliefs and meanings  
Is anything ever eternal?

## DT

Making a lighthouse

## Beaming Beacons

What is the role of the lighthouse?

What would it be like to stay in one?

## Computing

Coding

Use of digital media to create Year books

## PE/Games

Cricket  
Rounders  
Athletics

## PSHE

Sex and Relationships  
Transition to secondary

## Music

Music Festival  
Composing and transcribing music

## In just 370 words...

German Bight, Cromarty and Dogger are examples of what?

## The Tempest

Who was Shakespeare?  
What is the play about?

## Homework

For the first half term, homework will stay the same as Spring. After Swanage, Take-Home Tasks will continue as well as online maths homework.

## Leavers' production

The children will be putting on a show to entertain for the last time in their Kingslea journey!
