Plus there is a video from Mr M for reading and Mrs W to help with English.

Warning: it might be worth starting to collect egg shells! You'll see why for Wednesday's art challenge!

Reading

➤ A classic with Mr Marshman

You have all the tasks written out on the Word doc on the website, but we recommend completing one a day. You have one day for task one. What can you tell us about Mr Dickens?

➤ Complete your daily reading and write in your planner the definition for a word that they couldn't explain before.

Writing including Grammar, Punctuation and Spelling

Unit theme: Adventure quest story

➤ Plan your adventure story

Mrs Whiteley has made a detailed video on how you can plan your story. There is also a plan template on the website that we recommend that you use (even if you just copy the structure). However, you plan your story, whatever your quest is, please make sure you have 5 clear sections:

- beginning
- build-up
- problem
- solution
- ending

Don't make it complicated! The simpler the better as it will be more effective!

Remember: you have a protagonist and another character – can you use them? Will you be able to use your setting or character meeting paragraph. It's worth talking through your idea with someone first!

Maths

Week theme: Ratio and Proportion

➤ MyMaths

You all have a MyMaths task to complete this week online. You have until the end of Thursday to complete it.

➤ Times Table Rockstars or SAT buster– check below to see what your maths set needs to do.

Ms Baldwin's Maths set:

Please complete 10 games on Times Table Rockstars.

Mrs W and Miss N's set:

Complete Set C Test 3 in your Maths SAT buster Book 2.

Challenge: Try some Countdown and make sure that your mental maths is still up to scratch!

Learning Journey / Foundation Subjects (ongoing throughout the week)

Below are listed the foundation subject tasks for this week. We recommend that you complete one a day, but how you organise your time is up to you. We may give you more detail during the daily videos, so sometimes it is worth waiting.

- **Monday – PSHE** – Healthy eating is important for our body and our brains. Did you know what you eat can affect your mood? There is a lot of different advice around what to eat to be healthy. One thing that lots of scientists agree is that we should avoid eating lots of the wrong type(s) of sugar. Today, you have two short tasks exploring sugar in food.
 - 1) Firstly, complete the sugar calculator for food you ate over the weekend. How much sugar was there? <https://www.nhs.uk/change4life/food-facts/sugar/sugar-calculator>
 - 2) Secondly, read about these healthy sugar swaps. <https://www.nhs.uk/change4life/food-facts/sugar/sugar-swaps-for-kids>
Try and make some of these sugar swaps in the food you eat over the next week if you can and write down each time you do. Have a look at the labels and see the difference in the sugar content (per 100g/ml). What are the differences if you make the healthy sugar swap?
- **Tuesday – Learning Journey (Volcanoes of the world)** – We already know that volcanoes are a type of mountain, but let's find out a little more about them. This week, we would like you to find out where the volcanoes of the world are. It would be really good if you can plot some of these volcanoes on a world map. We will attach a world map that you can use, but you could draw one yourself – we won't be picky; we promise!
- **Wednesday - Art** – We have another exciting art project for you this week. We would like you to create a spring or summer landscape using either rice or egg shells. Mrs Longdon will explain further on Wednesday! You can have a look at these websites to get a sneaky peak at what it in store for you:
<https://www.youtube.com/watch?v=dzHM5ZNSWBU>
<https://www.youtube.com/watch?v=wT4c4qXPkXI>
- **Thursday - Science – Circulatory System Game!** This is the second week on this task. Hopefully you have a plan for your game. This week is about putting it all together! We can't wait to see your games and hopefully play some of them!
- **Friday – Bank Holiday** – There is no official PE lesson this week, but obviously we hope you are completing your daily exercise and are taking part in the Virtual Games. Watch Mr Mothee's video or find out more information on this webpage:
<https://www.activesussex.org/virtual/>

Your new Year 6 KPS challenge has been set...

How many VE-related tasks can you complete over the next two weeks?

This is just for fun and one way that we can celebrate the 75th anniversary of VE day. Hopefully there is something there for everyone, so even if you just complete one task, we want to see it! Good luck!

We understand that everyone is in a unique position and will complete the above work at different levels. Please just try and do what you can and do not worry if anything is too difficult. Do give us any feedback and enjoy this time. We would love to see the work you produce, but you do not have to send everything to us. We would just really like to hear from you at least once a week and may phone you to touch base! We miss you!

If you have any questions, please email year6@kingslea.org.uk and teachers will be checking this address regularly.
