Reading

➤ Continue reading

Keep up the reading throughout the Easter holidays and record your reading in your planner. We've now given you some ideas of things to write each day, so remember it doesn't just have to be a summary of what you have read. You could even write where you are reading...if you have read in an unusual place to complete one of the KPS Year 6 challenges!

Maths

➤ Sumdog Competition

Just to keep your maths skills ticking over, there will be a competition on Sumdog which will start on Monday 6th April and will end on Friday 18th April. We haven't set any particular skills or topics so you should find yourselves working through a range of questions! Who will end up on top?

English / Learning Journey (your main project)

Complete a news themed task on mountains!

- This can be written (as a script) or even filmed (so you can show off your computing skills too!)
- You can choose whether to base your 'news' on one mountain, a range or lots of mountains
- An example of how you might structure your 'news' is below – but be as creative and unique as you want!

Opening – introduction and top story

More detail on top story

Information on other stories

Weather report

Closing

- We have given you some ideas of what might make a top story:

First (youngest/oldest/quickest) person to climb the mountain
Tourism issue (for example, overcrowding, litter, disruption of wildlife)

Weather issue (storms, avalanches)

Climbers successes and 'making their marks'

The spotting of wildlife on the mountain

- There are lots of existing stories out there that you can research and use, or you can make up your own story (but make sure it is based on what you know about mountains)
- You can also see an example of a news-themed video as we have filmed your Easter holiday video in the style of one!

If you have any questions, please email year6@kingslea.org.uk and teachers will be checking this as regularly as possible. We hope you have a fantastic Easter holiday and we look forward to reading / watching your news reports!
