Activity 2 - Take the number in the circle below and divide the numbers outside of the track by it. Write your answers as you go and see how long it takes you to finish the race!

The track is a U-shaped path with 18 segments. The numbers in the segments are as follows:

- Top-left: 18, 33, 30, 36, 27, 24, 15, 12
- Top-right: 21, 6, 12, 9, 24, 15, 27, 36, 30
- Bottom: 9, 6, 21, 3, 18, 33

At the top left, there is a green box labeled "Finish!" with a small box containing the number 3. At the top right, there is a green box labeled "Start" with a small box containing the number 6. In the center of the track is a circle containing the text "Divide by 3".

Three children are running on the track: a boy in a yellow shirt, a girl in an orange shirt, and a boy in a white shirt.
