

Writing your own poem

Write your own poem

Using what you have learnt from your isolation lessons, write your own poem.

You can write a free verse poem or a narrative poem.

Base your poem on your learning journey: it could be about an explorer - real or made up, it could be about a discovery, or it could be about someone migrating, etc...

Will your poem be a bronze, silver or gold poem?

Bronze: includes alliteration and at least one simile

Silver: includes at least two expanded noun phrases, alliteration, at least one simile and at least one metaphor/personification

Gold: includes at least four expanded noun phrases, at least one simile, at least one metaphor/personification and another type of figurative strategies (say what it is when you email in)

You are just writing your poem in draft today - you will have time to publish it tomorrow. Email in your draft to Miss Nicholls and let her know whether it is a Bronze, Silver or Gold poem.
