Reading

Please write a review of what you have read this week. What has happened? Who has been involved and what has the behaviour of the key characters been like? Is someone plotting a trick or an attack? Is there a secret that is soon to be revealed? Imagine you are explaining to another child in the class what has happened? How would you explain what has happened?

Example: *In my reading this week Maudie and Arthur have snuck out of their ship to investigate Eudora's own ship The Victorious. They were suspicious that she had something to do with the disappearance of their Father and they were right to be! They found a stack of evidence against and her and using Harriet's camera they . . .*

Writing/English

Please write the 3rd paragraph of your short story. This next paragraph should raise the tension in your story. What is the key challenge going to be? How will you introduce it and in what way will your characters respond? Remember you are setting this up to be the big moment in your tale, keep the vocabulary high quality and the tension clear!

Example: *One sun kissed morning whilst lying in his hammock, Simon heard a deafening hiss. The hairs on the back of his neck stood to attention as he felt the presence of a fanged demon, a scaled killer, a stealthy predator. Glancing over the corner of the fabric Simon could see the beast no more than ten feet away. Silently lowering his hand he reached out for the long thin knife that wrested at his waist . . .*

Maths

CGP Book: Page 9 – Counting in Powers of 10. Please do this independently and at your own pace. Ask a grown up or older sibling to then look over your work using the answers which have been cut out of the book.

Extension challenge: Dividing by powers of 10!

http://resources.hwb.wales.gov.uk/VTC/phase4_20030829/Mathematics/Keystage2/Numbers/TenthSandhundre/Introduction/whiteboard2.htm

Online: This week please focus on TT Rockstars – 20 minutes a day at least will really help reinforce your multiplication knowledge. Try to increase your accuracy not just your speed. Please go into the studio at least once each day. We have set you 10 sessions in the Garage and 10 in the Studio.

Let's get Active: Go on a bug hunt in your garden if you have one, if not can you count the birds you can see from your window and find out what they are?

Last call for your dance videos please!

If you have any questions, please email year5@kingslea.org.uk and teachers will be checking this address to respond in the morning.
